

# **Canine and Feline Arthrology and Arthroscopy**

*By Franklin, Pozzi & Schulz*

## **Table of Contents:**

### **Part I. General Principles of Arthroscopy**

1. Introduction to Arthroscopy
2. Fundamentals of Arthroscopy Practice - Workflows and Checklists
3. Equipment
4. Complications and Frustrations
5. Arthroscopic Skill: Teaching and Learning
6. Second Look Arthroscopy
7. Needle Arthroscopy

### **Part II. Foundations of Arthroscopic Management**

8. Structure and Function of Diarthrodial Joints
9. Biology and Assessment of Articular Cartilage
10. Pathophysiology and Treatment of Osteoarthritis
11. Focal Cartilage Injuries
12. Complex Articular Surface Injury
13. Intra-articular Injectable Therapies
14. Pathophysiology and Treatment of Septic Arthritis
15. Arthroscopic-Assisted Management of Articular Fractures
16. Arthroscopic-Assisted Evaluation of Periarticular Neoplasia and Uncommon Arthropathies
17. Arthroscopy of Partial and Total Joint Replacements

### **Part III. Arthroscopic Management of the Shoulder Joint**

18. General Principles of Shoulder Joint Arthroscopy
19. Osteochondrosis of the Shoulder Joint
20. Shoulder Instability
21. Diseases of the Biceps Brachii
22. Supraspinatus Tendinopathy
23. Lesions of the Caudal Glenoid

### **Part IV. Arthroscopic Management of the Elbow Joint**

24. General Principles of Elbow Joint Arthroscopy
25. Elbow Osteochondrosis and Treatment
26. Medial Coronoid Process Disease (MCoRD)
27. Medial Compartment Disease of the Elbow
28. Ununited Anconeal Process
29. Humeral Intracondylar Defects, Fissures, and Incomplete Ossification
30. Elbow Incongruence

### **Part V. Arthroscopic Management of the Carpus**

31. General Principles of Carpal Arthroscopy

### **Part VI. Arthroscopic Management of the Coxofemoral Joint**

32. General Principles of Coxofemoral Joint Arthroscopy
33. Arthroscopic Hip Assessment: Pre-Pelvic Osteotomy

34. Coxofemoral Joint Trauma

**Part VII. Arthroscopic Management of the Stifle Joint**

35. General Principles of Stifle Arthroscopy

36. Diagnostic Stifle Arthroscopy

37. Meniscectomy and Meniscal Repair

38. Lateral Compartment Disease of the Stifle

39. Osteochondrosis of the Stifle Joint

40. Patellar Luxation

41. Intra-articular Treatment of Cranial Cruciate Ligament Disease

**Part VIII. Arthroscopic Management of the Tarsus**

42. General Principles of Tarsal Joint Arthroscopy

43. Osteochondrosis of the Tarsus

44. Feline Arthroscopy
