List of abbreviations	xvii		
Foreword	xviii		
ICD-O topographical coding	1		
ICD-O morphological coding	2		
Tumours of the oesophagus	2		
Tumours of the stomach	3		
Tumours of the duodenum and ampulla	4		
Tumours of the jejunum and ileum	5		
Tumours of the appendix	6		
Tumours of the colon and rectum	7		
Tumours of the anal canal	8		
Tumours of the liver and intrahepatic bile ducts	9		
Tumours of the gallbladder and extrahepatic bile ducts	11		
Tumours of the pancreas	12		
Haematolymphoid tumours of the digestive system	13		
Mesenchymal tumours of the digestive system	14		
Neuroendocrine neoplasms of the digestive system	16		
Other tumours of the digestive system	21		
TNM staging of digestive system tumours	22		
Tumours of the oesophagus	23		
Tumours of the stomach	26		
Tumours of the small intestine	28		
Tumours of the appendix	29		
Tumours of the colon and rectum	31		
Tumours of the anal canal and perianal skin	33		
Tumours of the liver	34		
Tumours of the intrahepatic bile ducts	35		
Tumours of the gallbladder	36		
Tumours of the perihilar bile ducts	37		
Tumours of the distal extrahepatic bile duct	38		
Tumours of the ampulla of Vater	39		
Tumours of the pancreas	40		
Well-differentiated neuroendocrine tumours of the gastrointestinal tract	41		
1 Introduction to tumours of the digestive system	45		
2 Tumours of the oesophagus	49		
Introduction	50		
Benign epithelial tumours and precursors			
Oesophageal squamous papilloma	52		
Epidermoid metaplasia of the oesophagus	54		
Oesophageal squamous dysplasia	56		
Barrett dysplasia	59		
Malignant epithelial tumours			
Adenocarcinoma of the oesophagus and oesophagogastric junction	64		
Oesophageal mucoepidermoid, adenoid cystic, and adenosquamous carcinomas	73		
Oesophageal squamous cell carcinoma	76		
Oesophageal undifferentiated carcinoma	83		
3 Tumours of the stomach	85		
Introduction	86		
Benign epithelial tumours and precursors			
Fundic gland polyps	90		
Gastric hyperplastic polyps	92		
Gastric dysplasia	95		
Gastric pyloric gland adenoma	102		
Oxyntic gland adenoma	104		
Malignant epithelial tumours			
Gastric adenocarcinoma	107		
Gastric squamous cell carcinoma	118		
Gastric adenosquamous carcinoma	120		
Gastric undifferentiated carcinoma	122		
4 Tumours of the duodenum and ampulla	125		
Introduction	126		
Benign epithelial tumours and precursors			
Non-ampullary adenoma	127		
Ampullary adenomatous neoplasm	130		
Malignant epithelial tumours			
Non-ampullary adenocarcinoma	134		
Ampullary adenocarcinoma	138		
5 Tumours of the jejunum and ileum	143		
Introduction	144		
Benign epithelial tumours and precursors			
Conventional jejunoileal adenoma	145		
Hamartomatous polyps: Peutz–Jeghers polyp	147		
Malignant epithelial tumours			
Jejunoileal adenocarcinoma	150		
6 Tumours of the appendix	155		
Introduction	156		
Benign epithelial tumours and precursors			
Appendiceal serrated lesions	157		
Appendiceal mucinous adenoma	160		
Conventional appendiceal adenoma	162		
Malignant epithelial tumours			
Appendiceal mucinous neoplasms	164		
Appendiceal adenocarcinoma	168		
Appendiceal goblet cell adenocarcinoma	172		
7 Tumours of the colon and rectum	175		
Introduction	176		
Benign epithelial tumours and precursors			
Colorectal hyperplastic polyps	178		
Colorectal sessile serrated lesions	180		
Colorectal traditional serrated adenoma	184		
Serrated polyposis	188		
Colorectal hamartomatous polyps: Juvenile polyp	191		
Conventional colorectal adenoma	193		
Inflammatory bowel disease–associated dysplasia of the colorectum	198		
Malignant epithelial tumours			
Colorectal carcinoma	203		

8 Tumours of the anal canal	219	12 Haematolymphoid tumours of the digestive system	365
Introduction (including inflammatory cloacogenic polyp)	220	Introduction	366
Benign epithelial tumours and precursors		Reactive lymphoid proliferations	
Anal squamous intraepithelial neoplasia	223	EBV-positive mucocutaneous ulcer	368
Malignant epithelial tumours		B-cell lymphoid proliferations	
Anal squamous cell carcinoma	227	Extranodal marginal zone lymphoma of	
Anal adenocarcinoma	231	mucosa-associated lymphoid tissue	372
9 Tumours of the liver and intrahepatic bile ducts	235	Duodenal-type follicular lymphoma	378
Introduction	236	Follicular lymphoma	381
Benign hepatocellular tumours		Mantle cell lymphoma	383
Focal nodular hyperplasia of the liver	238	Diffuse large B-cell lymphoma	386
Hepatocellular adenoma	242	Burkitt lymphoma	389
Malignant hepatocellular tumours and precursors		T- and NK-cell lymphoid proliferations	
Hepatocellular carcinoma	249	Indolent NK-cell lymphoproliferative disorder of the	
Hepatoblastoma	261	GI tract	393
Benign biliary tumours and precursors		Indolent T-cell lymphoma of the GI tract	396
Bile duct adenoma	268	Enteropathy-associated T-cell lymphoma	399
Biliary adenofibroma	270	Monomorphic epitheliotropic intestinal T-cell lymphoma	405
Mucinous cystic neoplasm	272	Intestinal T-cell lymphoma NOS	408
Malignant biliary tumours		Hepatosplenic T-cell lymphoma	410
Intrahepatic cholangiocarcinoma, small duct	276	Myeloid proliferations	
Intrahepatic cholangiocarcinoma, large duct	282	Systemic mastocytosis	413
Combined hepatocellular-cholangiocarcinoma and		Stroma-derived neoplasms of lymphoid tissues	
undifferentiated primary liver carcinoma		EBV-positive inflammatory follicular dendritic cell	
Combined hepatocellular-cholangiocarcinoma and		sarcoma of the digestive tract	416
undifferentiated primary liver carcinoma	286	13 Mesenchymal tumours of the digestive system	419
10 Tumours of the gallbladder and extrahepatic bile ducts	291	Introduction	420
Introduction	292	Gastrointestinal stromal tumour	
Benign epithelial tumours and precursors		Gastrointestinal stromal tumour	424
Biliary intraepithelial neoplasia	293	SDH-deficient gastrointestinal stromal tumour	429
Intraductal papillary neoplasm of the bile ducts	296	Adipose tissue and (myo)fibroblastic tumours	
Intraductal tubulopapillary neoplasm of the bile ducts	300	Inflammatory myofibroblastic tumour	433
Intraductal oncocytic papillary neoplasm of the		Desmoid fibromatosis	436
bile ducts	302	Lipoma	439
Mass-forming intracholecystic neoplasm	305	Liposarcoma	441
Malignant epithelial tumours		Inflammatory fibroid polyp	444
Extrahepatic cholangiocarcinoma	308	Plexiform fibromyxoma	446
Carcinoma of the gallbladder	312	Calcifying fibrous tumour	448
11 Tumours of the pancreas	317	Smooth muscle and skeletal muscle tumours	
Introduction	318	Smooth muscle tumours	450
Benign epithelial tumours and precursors		Rhabdomyosarcoma	454
Simple mucinous cyst	320	Vascular and perivascular tumours	
Serous neoplasms of the pancreas	323	Benign vascular anomalies and vascular tumours	457
Pancreatic intraepithelial neoplasia	327	Epithelioid haemangioendothelioma	461
Intraductal papillary mucinous neoplasm of the		Kaposi sarcoma	464
pancreas	330	Angiosarcoma	467
Intraductal oncocytic papillary neoplasm of the		Glomus tumour	470
pancreas	335	Lymphatic anomalies	472
Intraductal tubulopapillary neoplasm of the pancreas	338	Neural tumours	
Mucinous cystic neoplasm of the pancreas	340	Schwannoma	475
Malignant epithelial tumours		Schwann cell hamartoma	477
Pancreatic ductal adenocarcinoma	343	Granular cell tumour	479
Pancreatic acinar cell carcinoma	354	Perineurioma	481
Pancreatoblastoma	358	Ganglioneuroma and ganglioneuromatosis	483
Solid pseudopapillary neoplasm of the pancreas	361		

Mesenchymal tumours of uncertain cell of origin / differentiation		16 Genetic tumour syndromes of the digestive system	625
PEComa	485	Introduction	626
Mesenchymal hamartoma of the liver	488	Lynch syndrome (<i>MLH1, PMS2, MSH2, MSH6</i>)	628
Calcifying nested stromal-epithelial tumour of the liver	490	Constitutional mismatch repair deficiency syndrome (<i>MLH1, PMS2, MSH2, MSH6</i>)	637
Synovial sarcoma	493	Familial adenomatous polyposis (<i>APC</i>)	644
Malignant gastrointestinal neuroectodermal tumour	495	GAPPS (<i>APC</i> promoter) and other fundic gland polyposes	649
Embryonal sarcoma of the liver	498	<i>MUTYH</i> -associated polyposis (<i>MUTYH</i>)	653
<i>GLI1</i> -altered neoplasms (including gastroblastoma)	500	Hereditary mixed polyposis syndrome (<i>GREM1</i>)	655
NUT-rearranged sarcoma	502	Juvenile polyposis syndrome (<i>BMPRIA, SMAD4</i>)	658
Undifferentiated sarcoma	504	Peutz–Jeghers syndrome (<i>STK11</i>)	662
14 Neuroendocrine neoplasms of the digestive system	507	<i>PTEN</i> hamartoma tumour syndrome (<i>PTEN</i>)	665
Introduction and classification	508	Polymerase proofreading–associated polyposis and other polyposes (<i>POLD1, POLE, AXIN2, NTHL1, MSH3</i>)	668
Neuroendocrine neoplasms of the luminal GI tract		Hereditary gastric and breast cancer syndrome (<i>CDH1, CTNNA1</i>)	673
Oesophageal neuroendocrine neoplasms	514	Hereditary and familial pancreatic cancer (<i>BRCA1, BRCA2, PALB2, RAD51C, RAD51D, FANCC</i> , and others)	678
Gastric neuroendocrine neoplasms	518	Neurofibromatosis type 1 (<i>NF1</i>)	681
Duodenal and ampullary neuroendocrine neoplasms	525	Multiple endocrine neoplasia type 1 (<i>MEN1</i>)	685
Jejunal and ileal neuroendocrine neoplasms	532	Glucagon cell hyperplasia and neoplasia (<i>GCGR</i>)	689
Appendiceal neuroendocrine neoplasms	536	<i>MAFA</i> -related familial insulinomatosis (<i>MAFA</i>)	692
Colorectal neuroendocrine neoplasms	540	SDH-deficient tumour syndromes	694
Anal neuroendocrine neoplasms	546	Gastrointestinal stromal tumour predisposition syndrome (<i>KIT, PDGFRA</i>)	699
Paragangliomas	550		
Composite gangliocytoma/neuroma and neuroendocrine tumour	553	Contributors	703
Neuroendocrine neoplasms of the liver, gallbladder, and biliary tract		Declaration of interests	709
Hepatic neuroendocrine neoplasms	556	Sources	711
Neuroendocrine neoplasms of the gallbladder	559	Subject index	722
Neuroendocrine neoplasms of the extrahepatic bile ducts	563	Volumes in the series	731
Neuroendocrine neoplasms of the pancreas		References are available at:	
Introduction	567	https://tumourclassification.iarc.who.int/extra-content/?key=EFEZ0J	
Non-functioning pancreatic neuroendocrine tumours	572		
Functioning pancreatic neuroendocrine tumours		or by accessing the following QR code:	
Insulinoma	578		
Gastrinoma	581		
VIPoma	583		
Glucagonoma	585		
Somatostatinoma	587		
ACTH-producing neuroendocrine tumour	590		
Serotonin-producing neuroendocrine tumour	592		
Pancreatic neuroendocrine carcinoma	594		
Pancreatic mixed neuroendocrine–non-neuroendocrine neoplasms	597		
15 Other tumours of the digestive system	507		
Introduction	602		
Other primary tumours of the digestive system			
Mucosal melanoma of the digestive system	603		
Germ cell tumours of the digestive system	606		
Metastases			
Liver metastases	609		
Peritoneal metastasis			
Peritoneal metastatic non-appendiceal tumours	612		
Peritoneal metastatic appendiceal mucinous neoplasms	614		
Metastases to other digestive system sites	618		
Carcinoma of unknown primary	621
